Announcing
Selected Areas in Cryptography 2015
and the SAC Summer School (S3)

Orr Dunkelman and Liam Keliher

Presented by Tomer Ashur

22nd International Conference on Selected Areas in Cryptography

August 12-14, 2015
Mount Allison University
Sackville, New Brunswick

Lecture Notes in Computer Science
LNCS LNAI LNBI

Location

- ▶ Selected Areas in Cryptography (SAC) has been running for 22 years now
- ▶ Each year it moves around Canada, and this year, the location is

This Year's Topics

SAC has three main topics:

- ▶ Design and analysis of symmetric key primitives and cryptosystems
- ▶ Efficient implementations of symmetric and public key algorithms
- ▶ Mathematical and algorithmic aspects of applied cryptology

And this year's special topic is:

- ▶ Privacy and anonymity enhancing technologies and their analysis

Important Dates

- ▶ Submission Deadline: May 25th, 2015
- ▶ Notification of Acceptance: July 6th, 2015
- ▶ Pre-proceedings Deadline: July 27th, 2015
- ▶ Conference: August 12-14 2015 (Wed.-Fri. before CRYPTO)

Multiple flights to Toronto/Montreal with good connections to LAX.

The SAC Summer School

- ▶ Due to the lack of cryptographic summer schools, the SAC board decided to start a new summer school

The SAC Summer School

▶ Due to the lack of cryptographic summer schools, the
  SAC board decided to start a new summer school

The SAC Summer School (S3)

The SAC Summer School

- ▶ Due to the lack of cryptographic summer schools, the SAC board decided to start a new summer school

  ## The SAC Summer School (S3)

- ▶ Held Monday-Wednesday, 10-12 August (the days before SAC)
- ▶ Hosted in Mount Allison
- ▶ Two topics:
  - ▶ Design and analysis of symmetric key primitives and cryptosystems
  - ▶ Privacy and anonymity enhancing technologies and their analysis

The SAC Summer School (cont.)

- ▶ Registration: Free(!)
- ▶ Accommodations: Mount Allison dorms (cheap), or hotels around (and then you need to buy food vouchers like in CRYPTO)
- ▶ The generous support of Microsoft Research is very much acknowledged
- ▶ Stipends and additional support to students pends on additional funding sources
